AN ULTRA SECURE,
FULLY ALLOCATED
WHOLLY SEGREGATED
VAULTING SOLUTION

NEW INVESTORS

We understand the challenges that new buyers to this asset class may need to overcome. Understanding the importance of a diversified portfolio with an exposure to physical precious metals is easy enough to grasp, given that you are the sole title-holder and full legal owner. However embracing metals as an active asset class complete with managing your own vaulted account may feel overwhelming at first. Rest assured, our Class A vaulting solution offering fully allocated and wholly segregated vaulting for new buyers of metals, ensures total peace of mind for all of our clients.

We're here to hold your hand every step of the way.

FULLY ALLOCATED. WHOLLY SEGREGATED

Our client's precious metals are held in their own segregated vaulted account under their family, corporate or trust name with our vaulting partner Malca-Amit at Le Freeport, Singapore. Our company has no ownership title whatsoever. The vast majority of bullion dealers around the world hold metals on behalf of their clients, which means the legal title ownership actually falls to the dealer. This isn't the case when you buy and store with IPM Group. You're guaranteed 100% client title ownership, segregated with no hidden costs in the safest and most advanced vaulting facility in the world.

FULLY INSURED

A fully allocated metals account comes complete with secure storage of explicit numbered gold, silver, platinum, palladium and rhodium bars or specified coins with the year of mintage clearly stated.

These metals are then wholly segregated in sealed, tamper-proof bags within the ultra secure and tax free vaults at Le Freeport, Singapore. Our allocated account customers receive quarterly statements and vault storage invoices. Our client's metal holdings are wholly segregated and fully insured by Lloyd's of London.

FREE TRADE ZONE (FTZ)

Often referred to as a 'bonded facility', an FTZ is a specific class of special economic zone with a 100% duty-free exemption, where goods are landed, handled, sold or stored without any intervention from the customs authorities.

The FTZ falls outside of the banking system. Your bullion is stored in a private vault with no exposure to the fragile banking system in a vaulting facility that has been lauded as one of the very best on the planet. Safe deposit boxes are also available upon request.

PROPERLY STORING YOUR PRIVATE WEALTH ALLOCATION IN METALS

IS OF PARAMOUNT IMPORTANCE

HOW YOU STORE YOUR PRIVATE WEALTH ALLOCATION IS CRITICAL

We very much support and encourage investors who wish to collect their precious metal investments personally, or indeed take delivery of them via an insured shipment. This method works perfectly well for smaller allocations and contributes well to a regular savings scheme.

If you want
to hold
and trade
metals on a
larger scale
- engage
IPM Group
to act on
your behalf
and we will
ensure that
you take
advantage
of all of the
following:

- 01 Complete Protection

- 03 Legal Minimisation of Tax
- 04 Best Wholesale Market Prices
- 05 Unique Bar Numbers Quoted and Confirmed, Complete With Full Certificates (as applicable)
- 06 Holdings Have Zero Exposure to The Banking and Financial System
- 07 Wholly Segregated Client Vaults With Full Personal Control
- 08 Access To One of The World's Most Secure Vaulting Facility
- 09 Fully Insured by Lloyd's of London
- 10 Complete Privacy and Confidentiality
- 11 Inspection Visits Welcomed and Encouraged
- 12 Regular Inventory Audits
- 13 Zero Solvency Risk (your vaulted account is held solely under your own family name)

Our clients benefit from our close and long-standing wholesale storage and logistics agreements with these worldwide organisations, as we import and carry tremendous volumes of metals on behalf of clients around the world.

We facilitate purchases of Gold, Silver, Platinum, Rhodium and Palladium at the very best market prices. We also source and vault rarer metals such as Ruthenium, Rhenium, Tellurium and Indium. Clients may transact with us in **USD, GBP, EURO, SGD** or **MYR** on the latest live prices which are updated every few minutes.

IPM GROUP WORKS EXCLUSIVELY
WITH TOP-TIER VAULTING & LOGISTICS
COMPANIES **MALCA-AMIT** AND **BRINKS**

STEP 01

To open a wholly allocated vaulted account either:

Contact us directly:

Download and complete our Account Opening form, choose the relevant form:

- Personal Account Opening: [Click Here](#)
- Corporate Account Opening : [Click Here](#)
- Trust Account Opening : [Click Here](#)

E-mail the completed forms to:

info@indigopreciousmetals.com

Alternatively post hard copies to:

IPM Group Pte Ltd
23 Amoy Street
Singapore, 069858

Ensure you submit the necessary identification documentation (copies thereof are accepted via email) as listed on the Account Opening form.

Once we've received all of your documents, our team will proceed to process them and carry out the required due diligence. Our vaulting agents will then send out your vaulting contracts which should be checked and signed. In some cases we are able to expedite vault openings on behalf of clients (the process can take as little as **24 hours** so please advise us of your particular requirements. IPM Group is available throughout the process to advise you, so please reach out to any member of our team with queries.

We always recommend naming 'Authorised Persons' to your vaulted account. These are typically spouses, siblings or children. This circumvents any death probate issues. In the event of decease, your vault will instantly fall into the ownership of the person(s) stated.

STEP 02

Decide on The Precise Allocation of Metals to be Vaulted

When deciding how to balance your portfolio of precious metals, you will want to take into account a number of considerations.

At Indigo Precious Metals Group we have in-depth knowledge and decades of expertise tracking the individual price drivers of each metal and the corresponding impact of the global economy and financial markets on them.

Our primary focus is in helping clients achieve the greatest overall returns, based on the individual metal in question and the overall physical product mix. It's important also to factor in long-term capital gains tax implications. We are extremely well placed to advise you on our recommended product purchases so as not to incur any tax whatsoever.

Silver and Platinum (the latter being part of the Platinum Group Metals or PGMs) comprise the heaviest weightings in our pie chart example given their current undervaluations.

The decision-making process for investing into physical precious metals need not be a burden. We specialize in helping our clients around the world to use our experience and understanding of metal prices and what drives them.

We readily offer this expert advise to all of our clients, regardless of how small their investment size.

We Will Help You Understand:

- 01 The correct metal diversification depending on your individual circumstances
- 02 The profit potential of your portfolio
- 03 The characteristics of each metal, taking into account the size of your order and any premiums
- 04 The tax implications, depending on your sovereign country citizenship.

STEP 03

FUND YOUR PURCHASE OR USE STORE CREDITS

We offer our clients the opportunity to pre-credit an online account.

This unique facility is accessible online using confidential login details and has been designed with our client's convenience in mind. It takes time to transfer funds, so you may wish to ready your account and be in a position to purchase physical metals at the most favourable prices. Credit in your account will automatically push your purchase through, guaranteeing the price and delivery of your chosen metal products.

Once fully cleared in our accounts, any funds that you transfer will be immediately credited to your online funds balance in any of the following five currencies **USD, GBP, EURO, SGD, AUD** or **MYR**. Clients are welcome to maintain multiple currency accounts and transfer balances between them as and when required.

If you do not wish to use credit, and would rather pay for transactions as and when we implement invoices, we offer the option of paying a 10% deposit. By paying just 10% allows us to guarantee you the prices of the metals that you are investing in. You may then pay the remaining sum over the next few days and the price will not change.

Please note that if you do indeed wish to pay 100% by bank transfer, we will only guarantee prices if and when funds are received in our accounts on the same working day. In the event of a late payment, we reserve the right to adjust your quotation based on the latest metals prices. This may result in either higher or lower overall prices, which we will be sure to ask you to approve. Alternatively, we can cancel your order and there is absolutely no risk to you or your money.

STEP 04

YOUR METALS ARE SAFELY VAULTED

Expect A Report on Your Holdings.

Once funds have cleared, your precious metal purchases are then physically moved into your own personal vault at Le Freeport Singapore by our vaulting partner, Malca-Almit. You can then expect to receive several sets of documents including the:

Storage Service Order & Receipt (SSOR) - This is a thorough 'Inventory In Report' detailing your entire metal holdings including the individual serial numbers of each of your investment bars. Two managers from our vaulting agent team will accordingly sign this document.

Vaulted Report - This is the actual detailed inventory report highlighting the precise contents of your vault. Full specifications of each metal holding are provided together with the date of vaulting and the total number of days in the vault. This report is sent quarterly, though clients can access their online vaulting portal and download their inventory report at any time.

Inventory Manifest Photo Report - We offer our clients a 'photo proof' report of their products held within their vault. This is designed for clients who are unable to make a personal vault visit. This option comes with a nominal fee of US\$5 (or currency equivalent) per package or product page.

Insurance Certificate - Once all original signed paperwork is received by our team, our clients will then receive their personal vaulted insurance certificate.

How do the physical investment bars get transported to the segregated storage within Le Freeport, Singapore?

The bars are air-freighted directly from (for example) the mint in London to Le Freeport, Singapore. They are weighed, X-rayed, taken into the vault, re-examined by our premier vaulting agent Malca-Amit and vaulted.

Will the physical bars be traceable and insured during the transfer?

You have no risk whatsoever as all of our transactions are fully insured. Once your precious metals are submitted into the vault, you will also receive an insurance certificate issued by Lloyd's of London for the entire contents of your vaulted inventory, under your own family name. Your vault is then independently audited every six months.

We also offer vaulting facilities in Switzerland and London

VAULTING PORTAL ACCESS - STATE OF THE ART SOFTWARE BUILT EXCLUSIVELY FOR OUR CLIENTS

Our mandate has always been entirely focused on offering our clients the best service possible. With that in mind we developed our own vaulting database software that is tailored specifically to our clients' needs.

You will receive access to your own vaulted account (designed for all mobile devices, smartphones and pc types).

With the vaulting portal software, you can access your overall metal holdings in real time with live valuations across a variety of currencies and including:

- 01 Injection Reports
- 02 Live Chart Performances
- 03 Table of Vaulting Costs
- 04 Full Inventory & Cost Breakdown Reports

All of the above can be instantly accessed or downloaded through a fully cached database for quick and responsive usage.

BONDED CLIENT VAULTING

Le Freeport, Singapore Vaulting Facility

Please Note:

Our client's precious metals are held in their own wholly segregated vaulted account under the client's family, corporate or trust name. Indigo Precious Metals Group has no ownership title over your metals whatsoever. The vast majority of bullion dealers around the world and in Singapore, hold client's metals on their behalf using sub-accounts. In these instances the legal title ownership lies with the bullion dealer and not you, the client.

When you buy precious metals and vault with Indigo Precious Metals Group, we insist and ensure that our clients' maintain 100% of the title ownership to their metal holdings throughout every stage of their investment, with absolutely no hidden costs and safe within the most advanced vaulting system on the planet.

Vaulting storage costs below are applicable within the vaults of Malca-Almit at Le Freeport, Singapore. Vaulting costs may be altered (up or down) by our company, provided we issue our client's with at least one month's notice.

Vaulting storage costs are charged daily. The charges detailed below are correct as of the **1 June, 2021**

VALUE HELD IN US\$							
	zero to 99,999	100,000 to 249,000	250,000 to 499,999	500,000 to 999,999	1,000,000 to 4,999,999	5,000,000 to 9,999,999	> 10,000,000
GOLD <i>(Market bars & coins)</i>	0.40% per annum	0.35% per annum	0.30% per annum	0.25% per annum	0.23% per annum	0.20% per annum	0.18% per annum
SILVER <i>(Market bars & coins)</i>	0.60% per annum	0.57% per annum	0.55% per annum	0.50% per annum	0.45% per annum	0.42% per annum	0.38% per annum
PLATINUM	0.40% per annum	0.37% per annum	0.33% per annum	0.30% per annum	0.25% per annum	0.23% per annum	0.20% per annum
PALLADIUM	0.45% per annum	0.42% per annum	0.35% per annum	0.30% per annum	0.25% per annum	0.23% per annum	0.20% per annum
RHODIUM	0.45% per annum	0.42% per annum	0.35% per annum	0.30% per annum	0.25% per annum	0.23% per annum	0.20% per annum
RARE EARTHS	Each metal has differing charges - please request						

Example:

US\$75,000 in gold bars charged at 0.40%, hence $75,000 * 0.004 / 365 = \text{US\$}0.822$ cents per day.

Please note that vault product withdrawals come with a nominal charge of **US\$ 50** or currency equivalent.
